SKILLSTORK

EARLY LEARNING CAMPUS

“

The **first steps** in learning  
shape a lifetime of growth.  
At **Skill Stork**, we make every  
step count.

Largest  
**Early Learning  
Campus**  
in Telangana

## Welcome to the **Skill Stork World!!**

A prestigious initiative by Skill Stork International School, led by a visionary management team with over 30 years of pioneering excellence in the education sector.

# Our Leadership

## Anoop Errabelli, *Director*

Having grown up in a family of educators and witnessed the transformation of education over the past three decades, I have come to believe deeply that change is the true catalyst for growth. Skill Stork was founded by me in the year 2020 with a vision to bring world-class learning to Warangal through globally recognized curricula like IB and Cambridge — but more importantly, to create an environment that nurtures not just academic excellence, but the whole child.

At Skillstork, we believe that the foundation of a child's education shapes the trajectory of their entire life. Our mission has always been to create a nurturing, safe, and inspiring environment where every child is empowered to discover their unique potential.

As we unveil our new Early Learning Campus — the largest in Telangana — we reaffirm our commitment to providing world-class infrastructure, child-centric learning, and a joyful experience that blends academic excellence with emotional well-being. This campus is more than just a space; it is a vision brought to life — one that honors the curiosity, creativity, and individuality of every learner.

We are proud to be setting new benchmarks in early childhood education and are excited to partner with families as we shape confident, compassionate, and capable young citizens.

## Sonal Nichat, *Principal*

With over 20 years of experience across IB, Cambridge, ICSE, and CBSE curricula, I've had the privilege of working with learners from ages 3 to 18. At Skillstork, my focus has been on building a strong academic foundation that aligns global standards with child-centric learning.

From shaping our curriculum to supporting the school's growth, it's been an inspiring journey of nurturing confident, future-ready learners. I am proud to lead a school where excellence, creativity, and compassion go hand in hand.

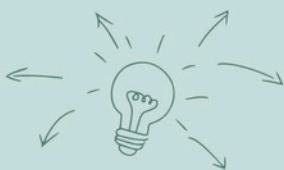

## History

Skill Stork International School was established in 2020 with a vision to provide world-class education in Warangal. Recognized as the No.1 International School in Warangal, it has earned top national rankings for innovation and excellence. Spanning 15 acres, the campus is designed to foster holistic development in a safe, child-centric environment. The school blends Indian values with global perspectives, nurturing creativity, critical thinking, and leadership from an early age. With the new Early Learning Campus, Skillstork continues its mission to create joyful, meaningful beginnings for every child - transforming the landscape of Early childhood education in Warangal

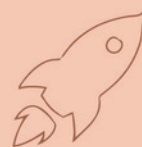

## Vision

Our vision is to foster a globally conscious community that embraces diversity, encourages open dialogue, and promotes cultural exchange through a comprehensive and balanced academic foundation.

## Mission

At Skill Stork International School we aim to provide holistic education which encourages our learners to become inquirers for life. Our independent and wise learners work together challenging themselves with rigorous academics and assessments, to create and sustain a world that is caring, open-minded, balanced and peace-loving by thinking globally and acting locally.

# Why Warangal

## *Rooted in Heritage, Growing with Vision*

Warangal — a city known for its rich cultural legacy, historical significance, and growing urban potential — offers the perfect backdrop for nurturing young minds. As Telangana's emerging education and innovation hub, Warangal is home to a vibrant, evolving community that values both tradition and progress.

Skillstork International School chose Warangal not just as a location, but as a commitment to bringing world-class education to a city that deserves it. With access to a growing knowledge ecosystem and a strong value-based community, Warangal provides the ideal environment for holistic development.

We are proud to contribute to Warangal's transformation into a center of global learning — where children can flourish, families can stay rooted, and excellence begins at home.

## Why Choose Skill Stork, Early Learning Campus

At Skill Stork International School, we believe in a holistic approach to education that goes beyond traditional subjects. Our integrated curriculum is designed to foster a love of learning and equip your child with the skills they need to succeed in the future.

With competent curriculum framework, clear standards, materials & resources, instructions, fair assessment and interventions, our learning outcomes go much beyond the boundaries of Languages, Mathematics and Environmental Study; they encompass and incorporate domains like health and wellness, scientific thinking, creative thinking and expression, personal and socio-emotional development, and beyond.

## World Class Infrastructure for Little Learners

### *Designed to Inspire. Built to Nurture.*

At Skill Stork Early Learning Campus, every space is thoughtfully crafted to spark imagination, encourage exploration, and support holistic development in a safe, nurturing environment. From the moment children step into our campus, they enter a world designed for joy and discovery:

**Collaborative Play areas**

**Reading Corners**

**Theme-Based Classrooms**

**Interactive Learning Tools**

**Makerspace & STREAM  
Corners**

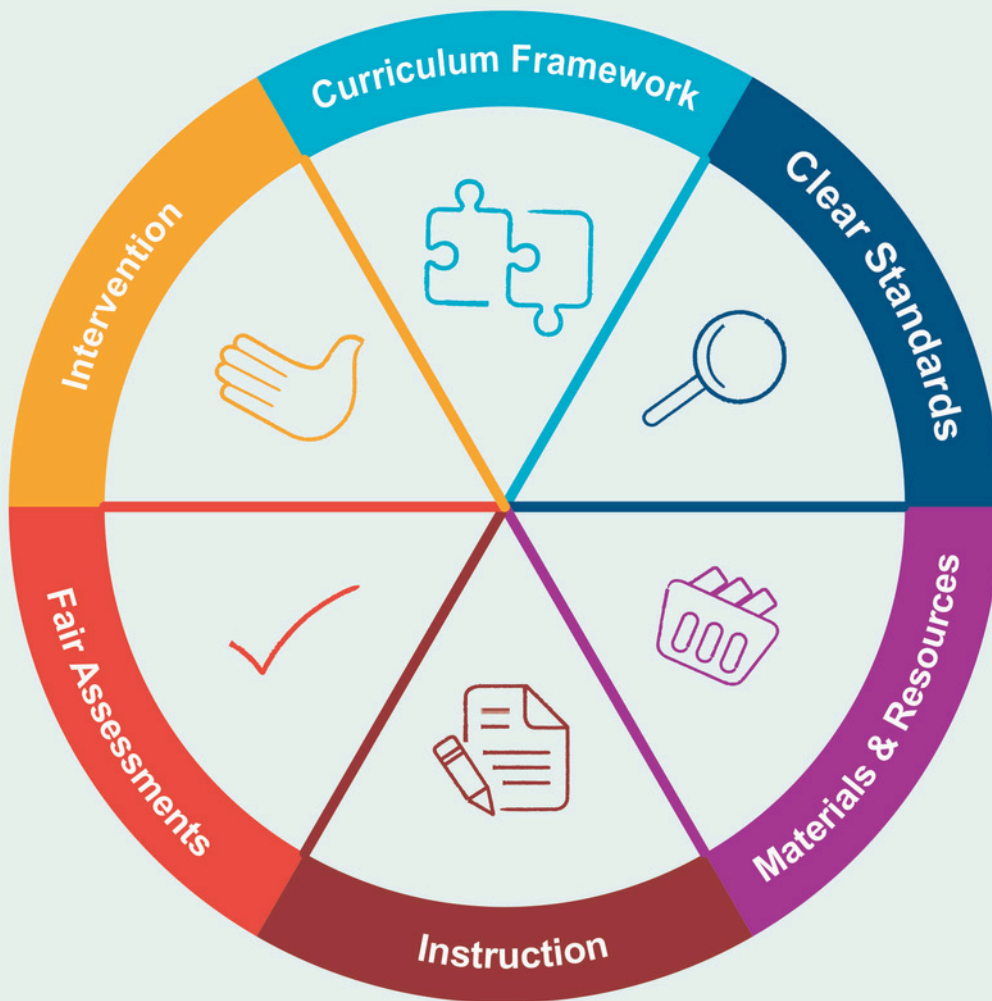

**Sensory Classrooms**

# Meet our Educators. At Skill Stork, every teacher is an Inquiry Teacher

A **Successful Inquiry Classroom** begins and ends with the **Teacher Working** with the **Students** in inquiry

## Look at Our Integrated Curriculum

Our integrated curriculum steps away from isolated subjects and creates a tapestry of learning where knowledge connects. Our approach has careful planning and a strong framework to ensure a successful learning experience for students. Let's delve into the key components of our Integrated Curriculum.

Curriculum Framework

Instructions

Clear Standards

Intervention

Fair Assessments

# 21 Century *Domains*

Little Minds. Big Futures. At Skillstork Early Learning Campus, we believe that even the tiniest hands can shape the future! From imagining robots that help at home to dreaming up magical machines that make your favorite snacks — today's play sparks tomorrow's possibilities.

The world is changing fast, and we're here to help our young learners grow with it. Through our fun, future-ready learning spaces, we introduce little ones to exciting ideas like technology, teamwork, and creativity — all while keeping curiosity at the heart of every moment.

# Launch for Future

# Basis of Competency Driven Curriculum

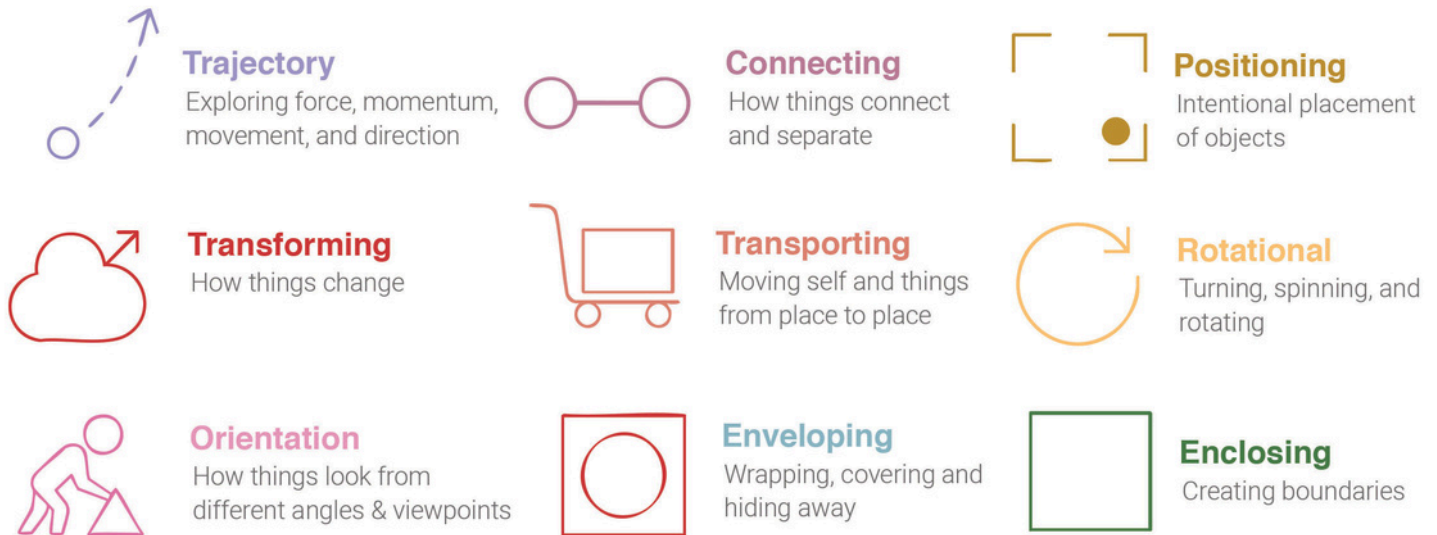

Our competency-driven programs are designed to equip you for success in the 21st century. By aligning your personal goals with societal needs and global trends, we help you develop the skills and knowledge necessary to thrive in a rapidly changing world. Our approach emphasizes brain development and integrates innovative education practices to ensure our learners well-prepared for the future.

# Play Based Learning, Schemas

At Skill Stork Early Learning Campus, schematic play is thoughtfully woven into daily routines, aligning with the natural instincts and repeated actions of children aged 2 to 5—like throwing, stacking, wrapping, or hiding. By creating rich experiences around these patterns, children feel connected, acknowledged, and empowered to explore, think, and grow with confidence.

At Skillstork, we emphasis on the introduction of experiential learning across different schemas for our children. We are delighted to present our curated STREAM based trans-disciplinary model of learning, ensuring that all the essential learning outcomes are accomplished, keeping in mind the needs of the 21st century learners.

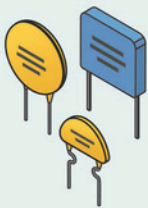

# MAKER SPACE

Our Makerspace is a magical corner where tiny hands build big ideas! It's a joyful space where children explore, tinker, and create using safe, child-friendly tools and materials.

Here, imagination takes the lead – from building simple models to experimenting with colors, textures, and shapes. Every activity is designed to match their age and spark curiosity, creativity, and confidence.

Because at Skillstork, we believe the best learning happens when little learners are free to imagine, explore, and make!

# The Skill Stork Inquiry Cycle

Our inquiry circle empowers learners to develop a range of valuable skills, including critical thinking, problem-solving, communication, collaboration, and creativity. By engaging in activities that promote active exploration, analysis, and reflection, children are able to deepen their understanding of complex concepts, develop evidence-based understanding, and take informed action

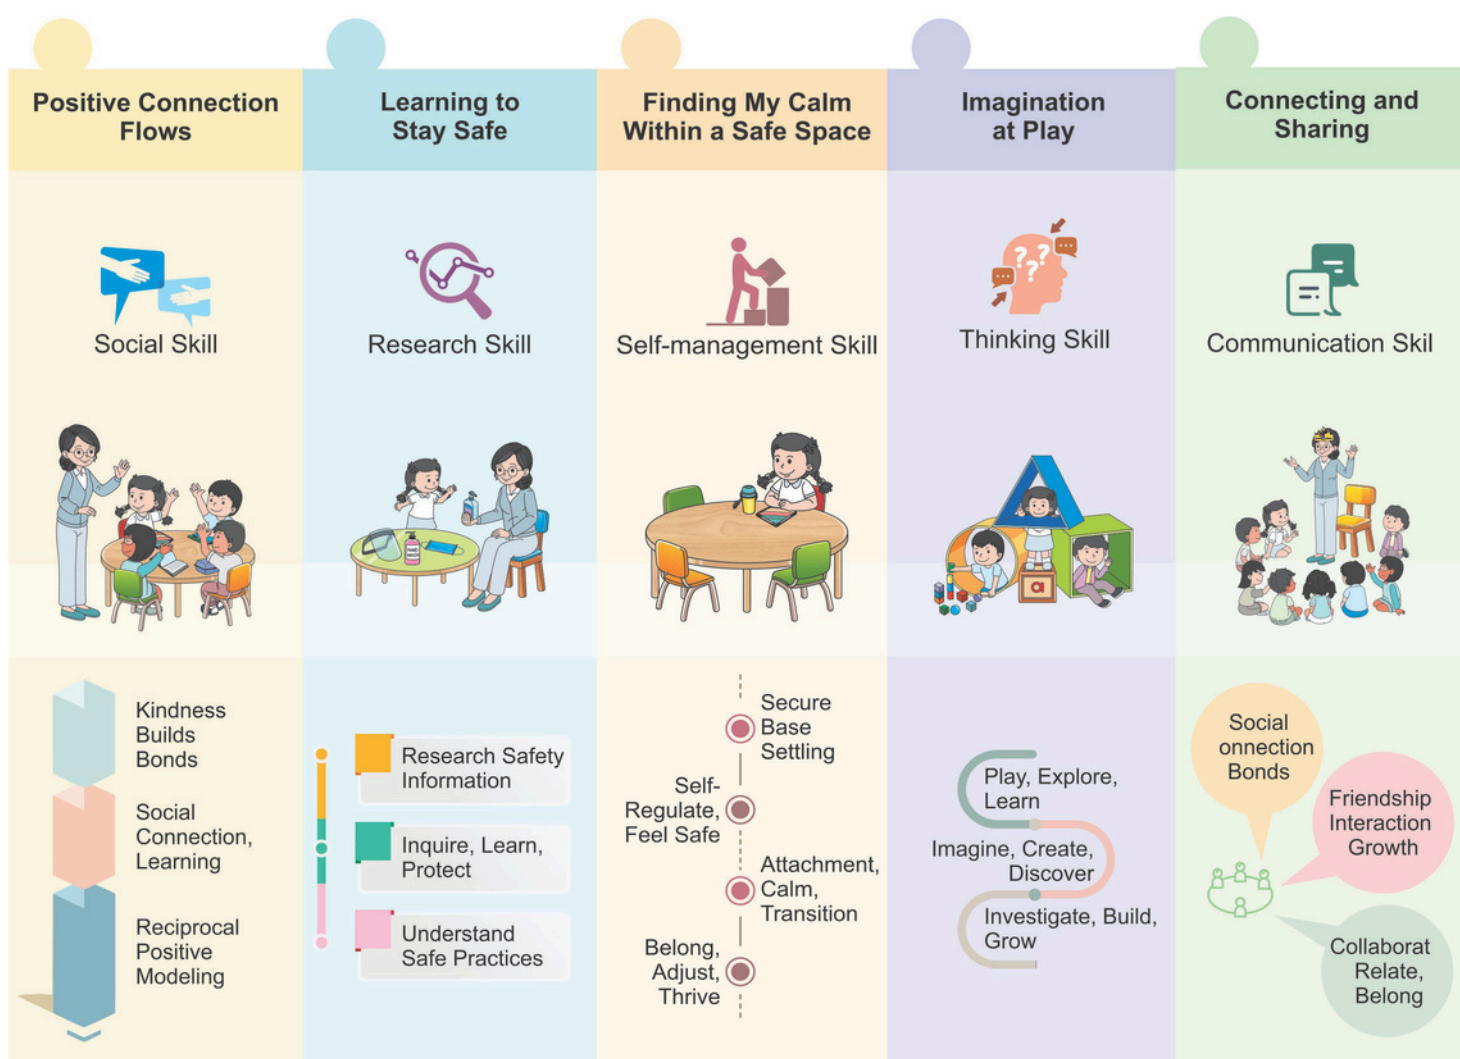

# IB ATL Skills

Approaches to learning are grounded in the belief that learning how to learn is fundamental to becoming a lifelong learner.

- Five categories of interrelated skills and associated sub-skills support students of all ages to become self-regulated learners.

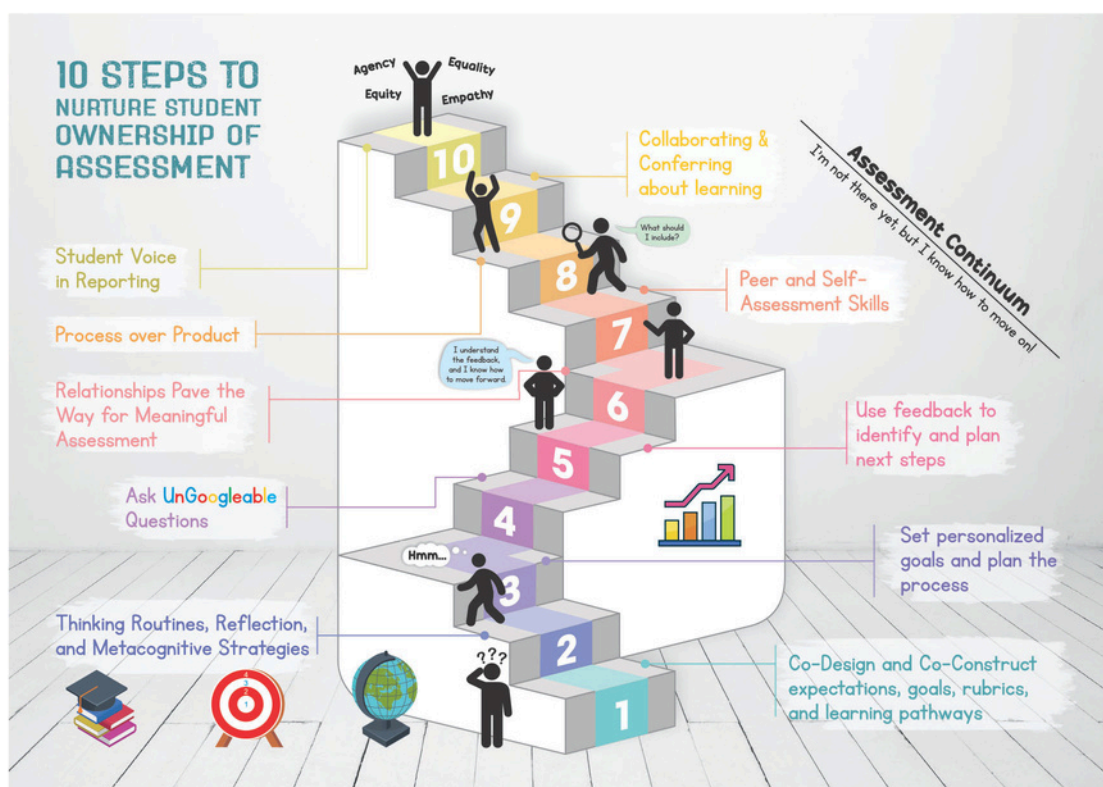

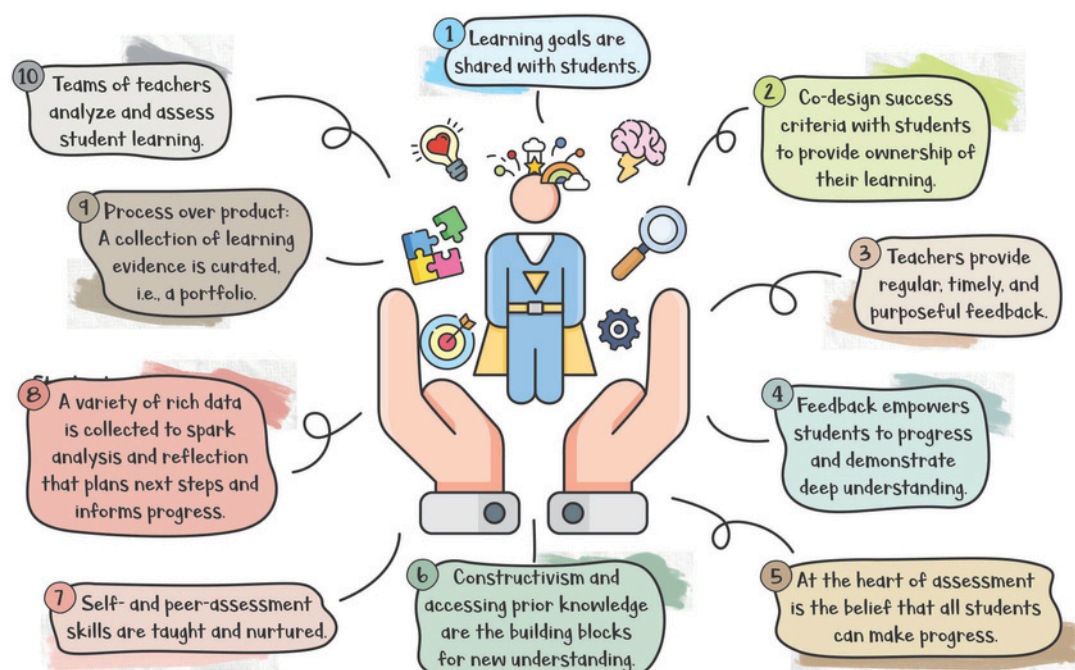

- ATL development can be planned for explicitly through educator-facilitated inquiries, or implicitly through student-initiated inquiry and play.

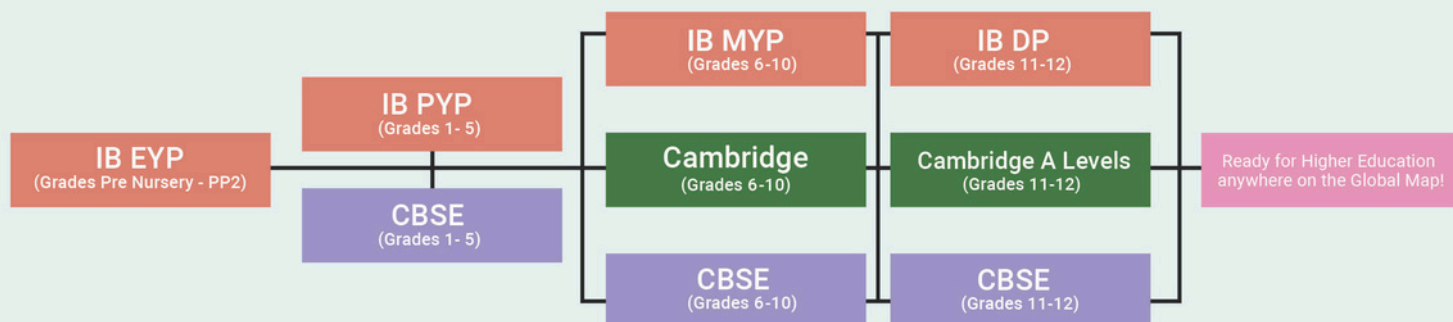

# Assessments at Skill Stork

At Skill Stork Early Learning Campus, assessment is play-based, student-centered, and fosters agency from the start. We observe children in natural settings, documenting their thinking, choices, and developmental progress. Assessments are differentiated to reflect each child's unique pace and interests. Children engage in reflection, express understanding through creative mediums, and set simple goals with teacher guidance. Portfolios, learning stories, and visual documentation make learning visible and meaningful. By valuing voice, choice, and ownership, our approach empowers young learners to see themselves as capable, confident, and curious individuals—laying the foundation for a lifelong love of learning.

# Academic Pathways

At Skill Stork International School, we offer CBSE, IB, and Cambridge curriculums to cater to every child's academic needs and aspirations. Each curriculum differs in approach – CBSE emphasizes structured content, IB fosters inquiry-based learning, and Cambridge develops critical thinking globally.

Being Warangal's only school offering national and international curriculums, we provide students unmatched opportunities to align their education with their interests and future plans, ensuring holistic development and academic excellence.

## Infirmary & Child Wellness

### ***Because Your Child's Well-being Comes First***

At Skillstork Early Learning Campus, your child's health and comfort are always a top priority. Our on-campus Infirmary is a safe and calming space, equipped to handle minor medical needs and ensure immediate care when required.

**Full-Time Qualified Nurse:** A trained nurse is available throughout the school day to attend to any first-aid needs, minor illnesses, or sudden discomforts.

**Child-Centric Care:** Our medical team is experienced in handling young children with sensitivity, ensuring they feel secure and supported.

**Health Monitoring & Parental Updates:** Any health-related concern is promptly communicated to parents, with careful records maintained for transparency and follow-up.

**Clean, Hygienic Environment:** The infirmary is maintained to the highest standards of hygiene and safety, ensuring a sterile and reassuring atmosphere.

Whether it's a scraped knee or a quiet moment of rest, our infirmary ensures that your child is always cared for – with kindness, compassion, and professionalism.

# Safety & Security

*Because every child deserves to feel safe while they learn and grow.*

At Skillstork, safety isn't just a protocol — it's a priority. Our Early Learning Campus has been designed with the highest standards of security to ensure a safe, nurturing environment for every child.

**24/7 CCTV Surveillance:** Our entire campus is under continuous CCTV monitoring to ensure complete visibility and accountability at all times.

**Trained Security Personnel:** Professional security staff are stationed at key points across the campus to monitor entry, exit, and daily operations.

**Controlled Access:** Strict visitor protocols and restricted access zones ensure that only authorized individuals can enter the premises.

**Child-Safe Infrastructure:** From rounded corners and age-appropriate furniture to emergency preparedness drills — every detail is designed with your child's safety in mind.

With these systems in place, parents can rest assured knowing their little ones are learning, exploring, and thriving in a secure and protected environment

## Transport

*Every journey to learning begins with care.*

At Skillstork Early Learning Campus, we understand that your child's day begins the moment they step onto the bus. That's why we've designed a transport system that prioritizes safety, comfort, and peace of mind for both children and parents.

**Air conditioned Buses:** Our fleet of air-conditioned Mercedes-Benz buses ensures a smooth and comfortable ride, no matter the season.

**GPS Tracking Enabled:** Every bus is equipped with real-time GPS tracking, allowing parents to monitor their child's journey through secure apps.

**Dedicated Caretakers Onboard:** A full-time trained caretaker is present in each bus to assist and supervise children throughout the ride.

**Professional Drivers:** Our drivers are carefully selected, trained in child safety protocols, and committed to maintaining high standards of responsibility and care.

With Skillstork's transport services, you can rest easy knowing your child is in safe hands from doorstep to classroom — and back.
